ANNUAL BAND CONCERT SATURDAY

Science Day Exhibition Sunday Afternoon

Albertus Magnus Completes Plans For Experiments

Attracting much attention will be the second annual Science Day Exhibit sponsored by the Albertus Magnus Society in conjunction with the faculty of St. Joseph's next Sunday, April 18. The exhibit will be held in the science laboratories in Science Hall during the afternoon only.

All Kinds of Chemistry

John Goetz heads the inorganic demonstrations which will include methods of purifying water and preparing phosphine. Headlining the exhibit in organic chemistry will be John Terveer's explanation of the results obtainable from soy beans.

In qualitative and quantitative chemistry Jim Bogan will supervise demonstrations of analytic procedures and the rendering of an analysis of an iron ore. George Deininger, in bio-chemistry, will explain the Van Slyke apparatus for determining amino content of substances.

Geologists Prepare Map

Chester Skrabacz and his geologists are preparing a world map which will show the geographical location of ten presently strategic materials.

In the hands of the Wetzel twins, John and Tom, will be the Physics displays.

Biologists Show Blood

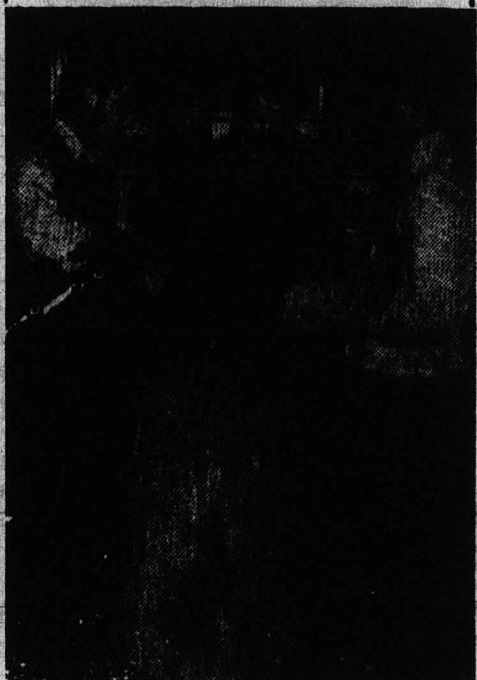

Committee headman Wally Donahue and his biologists will prepare blood plasma; show the effectiveness of various commercial products and demonstrate the connection between food and the point rationing system.

Vasco Luchi To Tell Scientists Of Sulfa

Vasco Luchi, junior pre-med student from Portsmouth, Ohio, will address the Albertus Magnus Society at their regular meeting Friday evening on "Death Versus A White Powder," treating the subject of the comparatively new sulfa drugs. The talk will take place in Science Hall.

Luchi will give some particulars on the history of sulfanilamide, mention a few of its uses, discuss some of the most commonly encountered toxic effects of the drug, and conclude his talk with a short discussion on the three popular theories on the mode of action of the drug in the body.

Rock-Busters

GEOLGY STUDENTS prepare for the annual Science Day Exhibit. They are (l. to r.) Jack Peffer, Pete Varini, and Chet Skrabacz.

Measure Staff Meets Under Editor Goetz

Under the guidance of John Goetz, newly chosen editor of *Measure*, plans for the last edition are rapidly formulating. Goetz and his staff met in Science Hall last Friday night.

Only change in the new staff is the appointment of Bob DeShon as Exchange editor to fill the post vacated by John Goetz when he assumed editorship. Jack Jutt also has been added to the staff.

The results of several original polls, one on Catholic fiction, the other concerning Catholic drama, will be the feature of the coming edition. Handling the poll on Catholic fiction, which was conducted some time ago by Mr. Edward Fischer, journalism instructor on leave with the army, will be Kay Kennedy. Ralph Bushell will prepare the article on Catholic drama.

BULLETIN

From the Bureau of Naval Personnel comes the request that all students in the V-1 or V-7 who have advanced questions to the Bureau concerning the Naval setup in the past discontinue to do so.

All questions concerning the matter can be answered at Father Koller's office since he receives all Navy releases there. Those who have advanced such questions within the past week are also requested to repeat the questions before Father Koller now, for the Bureau at present is unable to give prompt replies.

Outstanding Scripture Scholar Speaks on Author of Doxology

An outstanding Scripture scholar, the Rev. Dr. H. Schumaker of Gardenville, New York, lectured last night (Wednesday) in the college theatre on the topic, "A Remarkable Little Romance in the History of the Our Father."

This title has as its theme that of showing for the first time the true author of the doxology in the Lord's Prayer, namely, "For Thine is the kingdom, and the Power, and the Glory for ever and ever, Amen." Not accepted as part of the original text of the Our Father by any reputable scholar of Scripture, its usage can be traced back to both Catholics and Non-Catholics of some oriental rites of Christian antiquity.

Dr. Schumaker was professor of New Testament exegesis in the Graduate School of Theology at the Catholic University of America, Washington, D. C., from 1912 to 1931. The V. Rev. Aloys H. Dirksen, C.P.P.S., S.T.D., College President, was one of his students.

Navy-Marine Tests Coming On April 20

Next Tuesday, April 20, is the date set for the Navy and Marine tests. Although these tests are not compulsory, it is urged that those who are eligible take them.

All men enlisted in Class V-1 (Accredited College Program), U.S. Naval Reserve, who have completed four or more semesters (or six or more quarters) of their college course on July 1, 1943, are eligible for the Navy test.

Students enlisted in class III (d), U.S. Marine Corps Reserve, who are in their freshman and sophomore college years on April 20 will take the written test qualifying them for participation in the College Training Program which will go into effect July 1, 1943.

Men who are in their junior and senior years are not required to take the written test.

Commerce Club Will Meet Friday Night

As regularly scheduled, the meeting of the Commerce Club will be held Friday evening, April 16, in Science Hall. There will be a short talk given by one of the members whose name is yet to be announced.

Hanley Science Date Changed To April 19

Final arrangements for the Hanley Science Contest have been made.

A change in the date for the oral presentation has been made; the three contestants will now deliver their addresses on Monday, April 19, at 8 o'clock instead of on the previously scheduled April 17 date.

Essays submitted by the contestants, Vasco Luchi, Kay Kennedy, and Walter Donahue have been read by all the professors in the science department and accepted. These three contestants are now busy preparing themselves for the oral presentation.

The winner will be judged by the excellence and merit of his subject matter, English composition and oratory ability. There will be a 20-minute maximum placed on each address. The judges who will determine the winner of the contest will all be members of the college science department. The \$50 prize will be awarded the winner on commencement.

(Continued on page 4)

Channell, Platt Talk To Sanguinist Group

Two more interesting interpretations of the Encyclicals of Pope Leo XIII were given at a special meeting of the Sanguinist Club for Catholic Action last Monday evening. Speaking were James Channell on the Encyclical, "Civil Government," and Kenneth Platt on "Christian Popular Action."

Channell's talk was concerned with authority and how, since the "reformation," authority has been denied until today we have come to Communism, Socialism, and Nilhilism. Platt told the club members how the Pope had outlined a plan for Christian action in economics in which he called for united Catholic action.

Variety Program Sparkles With New, Old Pieces

With a variety of pieces that is sure to please the taste of every music lover, the College Band will present its annual spring concert Saturday evening at 8:30.

The program is balanced with popular and classical numbers. There will be no chance of monotony, for the pieces by the full band alternate with pieces by the swing band.

Probably the finest number to be played is the "Jubel Overture" by Carl von Weber. Though it is a difficult piece it is the best liked by the band members because of its power and stirring theme.

Another overture, "Spick and Span," by Jewel, is, strangely enough, very similar to many of the popular songs of today. It has a very "catchy" rhythm.

The following is the complete program:

Star Spangled Banner.....	Keys
Jubel Overture.....	Carl von Weber
Les Folies Gergeres.....	
Trombone Solo.....	Innes
Indian Love Call.....	Frml
Polka Dot (cornet solo).....	Butchel
Marche Slave.....	Tschaikowsky
Beautiful Dreamer (vocal chorus).....	Foster
Rumba Land.....	Cray
Swing Band	
As Time Goes By	
I've Heard That Song Before	
Overture: Spic and Span....	Jewel
Dance of the Hours (from La Gioconda).....	Ponchielli
Solo Pomposo (Bass solo)....	Hayes
March of the Toys (from Babes in Toyland).....	Herbert
Twirling Exhibition.....	Frank Murray
Introduction to the Third Act of Lohengrin.....	Wagner
Glory of the Yankee Navy....	Sousa
Allegro de Concert (Saxophone Quartet).....	Singlee

Cancel Gas Lecture

Since the Rev. Albert Wuest, C.P.P.S., professor of Chemistry, is attending a convention of chemists in Detroit his weekly lecture on war gas was interrupted. Father Wuest will resume his series of twelve talks next Tuesday night.

FINAL BAND REHEARSALS are being held daily in preparation for the spring band concert to be given on the stage of the College Theatre Saturday night, April 17.

Monogram Spring Prom Fixed Now For May 8

Freddy Nagel To Play

One of the West Coast's most popular orchestras was announced Saturday by Bill Smith, head of the orchestra committee, for the approaching Monogram Club Prom. Bill disclosed that Freddy Nagel and his versatile ensemble will play at the traditionally gala affair on May 8, instead of the previously announced May 1 date.

Nagel's distinctive style of "sweet music" is widely known to radio audiences, who have heard him from coast to coast over all of the major networks from such famous spots

as the Wilshire Bowl, Hotel Del Monte, the St. Francis Hotel of San Francisco and many other famous night spots.

Originally From Stanford

Originally from the University of Stanford campus, the orchestra has retained its collegiate flavor and in this connection it features many striking specialty numbers. Nagel has won wide acclaim for his interpretation of rumbas, congas, and tangos.

The announcement on the choice of orchestra came after long deliberation of a group of big name orchestras by the prom committee.

The strictly formal affair is now definitely scheduled for the Rensselaer Armory for May 8. Dancing will continue from 9 to 1.

Price of tickets for the dance was also decided on at a meeting of the Monogram Club members held last Saturday. The tickets will be \$3.50 in advance, and \$4.00 if bought at the dance. These tickets may be secured from members of the Monogram Club at any time before the dance.

The

DRIFT

(Editorial)

The holy season of Lent is rapidly drawing to a close. In another week Good Friday and Holy Saturday will mark its end. While there is something solemn about the end of anything, there is also a joyful feeling at the conclusion of the six weeks of Lent.

It isn't that one should be glad that Lent, with its extra sacrifices, is finished. That is not the reason for the joyful feeling. The good, honest happiness that comes from doing something, coupled with an uplifted knowledge of having done it well—that is the joyful feeling that marks the conclusion of Lent.

If you haven't been too careful about the manner in which you have observed Lent this far, make it a point to be doubly so about Holy Week. Because Holy Week comes during a vacation period, and because nearly everyone—Catholic and Protestant alike—observe it, the days should be easy to fill. Make them memorable. They may be your last chance for awhile. No one can tell where any of us will be next year this time.

Soon after Easter, the Monogram Club will stage its annual spring formal dance. As STUFF did last year, again this year all who attend are urged to make a purchase of war stamps. It is such a small thing to give in return for the largeness of effort that others are expending that this war may come to a quick, lasting victory.

Again, as last year, STUFF urges that those who attend give some thought to the matter of giving her a victory stamp corsage. At least the stamps might be worked in with the regular corsage. Perhaps it is because most people are afraid of being original that so few seem willing to follow this suggestion. But it really isn't a question of being too original since the idea has been used at fraternity dances and proms in nearly every large college and university.

Give the matter some thought. A corsage of victory stamps can be just as attractive as a corsage of flowers. Strictly from the utilitarian point of view, the stamps would be of tremendous more value than a pressed orchid folded away in a book. The purpose is larger, too, as was intimated above. The effect of your purchase, however small, will be felt by the men in the foxholes of the South Pacific and by the soldiers on the sands of Africa. Is there any reason to think she would be disappointed? She will understand.

Following the Flickers

With Dick Schreiber

IT IS NOT OFTEN that an opportunity presents itself to study various motion picture techniques. There was just such an opportunity last weekend, however, when the English-made, English-acted film, "Flying Fortress" played here.

The difference of direction was immediately noticeable. There was something about the film that was episodic, like the news reel, or John dos Passos' writing. But it was not too well strung together. Still there was a frightful resemblance to actual life about the thing, since not everything which a man does connects perfectly with what he has done before. It was evident, however, that something more than faithfulness to actuality was necessary, because the picture lacked unity of idea and unity of purpose. Now for the reviews.

RITZ: Friday & Saturday

It's a double feature day. Frank Buck presents his latest bring 'em back alive story, "Jacare," and thrown in for good measure is a musical with a South American flavor, called "Flying with Music." The Buck pictures are always good for their depiction of jungle life. This one will be entirely different in locale from the preceding pictures Buck has made. "Jacare" is a Brazilian jungle sequence. Rating (Jacare): A-1; (Flying with Music): Unavailable.

RITZ: Sunday, Monday, Tuesday

"Journey for Margaret" stars Bob Young, Loraine Day, Fay Bainter, Nigel Bruce, and lovely, little Margaret O'Brien. This is a war story with a punch, written by W. L. White, famous son of famous William Allen White. It's good from the story angle, good from the acting angle. Legion Rating: A-2.

PALACE: Sunday, Monday, Tuesday

Van Heflin, Lionel Barrymore, Ruth Hussey, Marjorie Main, and Regis Toomey are together in "Tennessee Johnson," the story of Andrew Johnson's rise from backwoods boy to president of the United States. The picture was directed by William Dieterle, which means it will be well worth your while to see. The cast in this flicker, as in the one above, can be counted on to do a splendid job. Legion Rating: A-1.

RITZ: Wednesday & Thursday

In the East, people think Milton Berle is a terrific comedian. In the West some folks aren't so sure. But Joan Bennett is good scenery in almost any production. "Margin for Error" has both. It's reputed to be quite a comical thing. Each audience must decide for itself. Legion Rating: A-2.

CAMPUS CAPERS

The Horst twins seem to have some sort of difficulty in Wheatfield. We think that the gentleman responsible for this is Big Banana Banaszewski... Stan (Uncle) Lapsys went around last Friday shaking hands and patting everyone on the back, because he was appointed an Uncle for someone in Chicago. He was very happy. Latest fad on the Campus is raising or rather rising a mustache. The crop raisers who are trying their hair at it are Ed (Fuzzy) Adent, Wally (Soup Strainer) Corvington, and Ed (Bareless) Bugajski. Who said that grass doesn't grow in the shade... Bob (Totsi) Kelley has added to his "Must Reading" a book on the art of Etiquette. He wants to reform his buddies at the table. In return his buddies are going to teach him what a knife and fork are used for... The new mailman for Seifert, Gaspar, and Noll is Gene Franchi. "Gene, you can now consider yourself as the most popular and most distinguished man on the Campus." Don Current reminds us of a sweeping tide. Swan-Song Ballet: My hair is receding; there are wrinkles when I frown (Jack Pepper and Len Herriges). The dark-end growth upon my cheeks can no longer pass as down (Jack Vilim and Cliff Riede). I try my best to imitate a man who's been around (Joe Mikan). But I'm just a bit discouraged, I'm afraid I'm losing ground (John Hyalnd). I try to don a worldly air, then my ego falls with a thud (Paul Brunton). I think I'm passing as a man when someone calls me Bud (Gil Hodges).

What's Your Favorite Swing Orchestra?

By Vincent Giese

As long as man has been able to turn radio dials, his fingers have sought to tune in music. Man can take so much of soap box operas, repeating news broadcasts, and super-duper soap suds jingo; then he seeks the inevitable release—music.

Collegeville is no exception. Wherever there are radios at St. Joseph's there is music. Though some prefer the sweetest music this side of heaven, others have ears only for jive, or as some call it, that type of music which belongs on the other side of heaven.

On this point we won't comment, except to say that some of the jive is hot enough for the other side of heaven. Yet, whatever type it is, music is a fine form of relaxation. This week STUFF inquired into St. Joseph's musical listenin' pleasures. Here are the results.

Larry Doyle, freshman from Oak Park, Ill.: (1) Harry James, (2) Fred Waring, (3) Phil Spitalny.

Len Herriges, senior from Columbus, Ohio: (1) Art Kassel, (2) Tommy Dorsey, (3) Fred Waring.

Tom Joyce, junior from Bureau, Ill.: (1) Art Kassel, (2) Sammy Kay, (3) Tommy Tucker.

Bill Keogh, junior from Toledo, Ohio: (1) Fred Waring, (2) Abe Lyman, (3) Kay Kyser.

Thomas Cooney, sophomore from Woodstock, Ill., who left Monday to oblige Uncle Sam: (1) Glen Miller, (2) Benny Goodman, (3) Harry James.

John McCabe, sophomore from Harvard, Ill.: (1) Glen Miller, (2) Sammy Kay, (3) Kay Kyser.

Brother Stops Here

On the campus last week was Brother Walter Ernst C.P.P.S. Brother Walter has the job of soliciting and renewing subscriptions to the Messenger of the Precious Blood in this territory. The Messenger is a monthly publication published at Carthage, Ohio.

New Station Wagon

A green station wagon has been acquired by the college for general Army Reserve use, according to the Rev. John J. Schon, C.P.P.S., treasurer. It seats eight people and was received in exchange for two other cars.

Senior Sketches

By Don Leavitt

Most of you probably know him as the head man behind the counter of the "J" Cafe or as the star pitcher of the Puma nine, but formally he is Al Waznis, senior from Joliet, Illinois.

Born in Joliet on March 11, 1921, Al attended Joliet Catholic High with his illustrious roommate, Pete Varini. While in high school, Al played two years on the gridiron and starred for three years on the Joliet quintet.

Next he attended Joliet Junior College for two years before coming to St. Joseph's. Al was a busy athlete there too, playing two years of basketball, and spending two years on the mound for the junior collegiate nine.

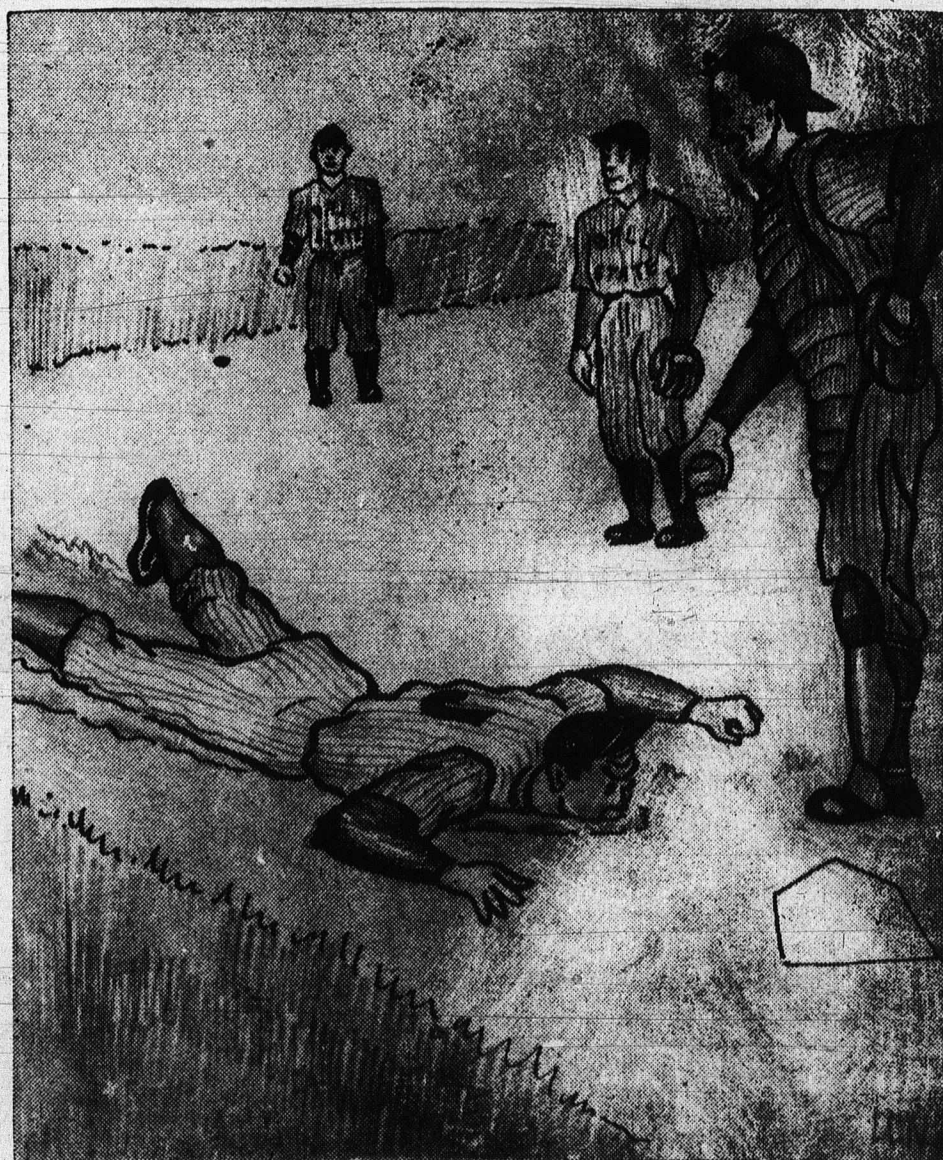

Al came to St. Joseph's in the fall of 1941. He continued his athletic endeavors in Puma uniforms, playing one year of basketball and two of baseball. You'll see Al on the mound for the Pumas in some of their home ball games yet this year.

When he is not pursuing some form of athletics he has plenty of other things to keep him busy. Besides being head manager of the "J" Cafe, he is also a member of the Monogram and Raleigh Clubs, secretary of the senior class and a member of the program committee for the Monogram Club Prom. He still finds time to work on his thesis, "Victory Tax."

Majoring in Accounting, Al will leave St. Joseph's in May with a Bachelor of Science degree in Accounting. As he is enlisted in the Army Reserve, he expects to be called to the armed forces immediately after graduation and maybe before. After the war, Al plans to become a C.P.A.

Pumas Down Ball State; Split With Depauw

Puma Prints

By Jim Welter

Baseball highlights—George Ellspermann, sophomore catcher, is leading the Puma batters with a .538 average. Of his seven hits, two are triples and one a round-tripper. Shortstop John Judge executed the play of the afternoon last Saturday. In the sixth inning with second and third occupied and one out, the Depauw batter sent a sure single out toward left field. Judge, however, raced to his right, made a back-handed catch and then ran over and touched second to double the runner.

St. Joe is doing quite well in the art of base stealing. Against Ball State, Curly Wisniewski was credited with four thefts. With Wisniewski ill last Saturday, Ellspermann took over against Depauw. The one time he found himself on first with second and third unoccupied; he proceeded with ease to steal around the sacks.

John Feicht's bowling team defeated Caron in the playoff for second place in the intramural bowling league.

Frankie Stauct, St. Joe student, proved his abilities as a shortstop while playing for the Indianapolis Indians against the Chicago White Sox last Saturday. Batting against three of the Windy City team's best hurlers, Frankie collected two doubles and a single in four attempts. He also was responsible for five assists and three putouts during the course of the game.

By a 11-3 verdict Drexel again proved their masterfulness over Seifert in softball competition. Tom Joyce and Bernie Hoffman formed the winning battery. Ben Kuhajda pitched and Ed Biersak caught for the losers.

Gene (Pewee) Shaw has been coaching the high school's track aspirants. The inexperienced Cub speedsters entered the Jasper county track meet last Saturday but failed to place in any event. Commandella, Carlos, Cody, Kalmanac, and Vincent were the Cub entries. They will enter another meet at Fowler on April 30.

Three days in the infirmary apparently did outfielder Paul Reichert no harm. After the Pumas collected only two fluke singles in the first half of last Saturday's doubleheader, Coach Dienhart put slugging Paul in the lineup as rightfielder. When his turn at bat came he drove out a triple on the first ball pitched.

Need Extra Inning In Ball State Tilt; Beat Depauw 19-5

With catcher George Ellspermann's slugging and veteran Al Waznis' superb pitching, the St. Joe baseball aggregation annexed their first victory of the season last Thursday. This game, the second of the season for the Pumas, was a ten inning, 7-6 decision with Ball State, the home team, being the loser. Ellspermann's triple, his second in two contests, traveled at least 375 feet. Meanwhile Waznis was limiting the Teachers to five hits and striking out ten in eight innings. Bill Stechschulte hurled for the last two frames and received credit for the victory.

Depauw's baseball squad invaded Collegeville last Saturday, and when the dust cleared away, each team had a decisive victory under their belt. The visitors from Greencastle took the first decision, 9-0, but were crushed 19-5 in the second half of the double bill.

The second contest was an exact opposite of the first. The Pumas bombarded three Depauw mounds-men for fifteen safeties which figured in the scoring of nineteen runs. Bill Stechschulte, curve baller deluxe, coasted through the first five frames granting but three hits, three runs, and fanning eight. George Ellspermann and Tom Scollard each collected a home run.

College Plays Tennis At Depauw April 20

Depauw will be host to a St. Joe tennis team next Tuesday, April 20. The Depauw netmen will come to Collegeville on May 1 for a return match.

Outstanding intramural players will compose the Puma intercollegiate squad. The rate that the draft has been taking St. Joe students in the last few weeks make it difficult to predict who will make up the squad.

The Greencastle team appears to be plenty formidable. All the players who opposed the Pumas last season, men whom Parker and Walsh had difficulty with, are all back this year.

Academy Drops Opener With Lafayette Nine

Last Thursday afternoon the Puma Cubs took it on the chin by losing to the Lafayette Jefferson nine, 12 to 3. Bad fielding by the Cubs helped greatly to the Jefferson High victory.

Cub catcher Ed McElroy came through in the second inning with a single to center to score the first Cub run. The Cubs scored in the fifth when John Wunderlich came home after Jack Mallock's long fly to center. The final run came in the seventh on singles by Wunderlich and Mallock and a fielder's choice.

Optimism Pick Jiggs Huysman Next Cage Captain

Looking forward to next year with high hopes, the basketball team met recently and elected Jiggs Huysman, Delphos, Ohio junior, captain for the 1943-44 season.

As a sophomore Jiggs collected 154 points in twenty-five contests.

JIGGS HUYSMAN

Eleven less games caused him to drop to sixty-nine this season.

Letters were awarded to Bernie Hoffman, retiring captain, Connie Vanderkolk, and Ed Ritter, seniors; captain-elect Huysman, a junior; Don Schrenk and Joe Mikan, sophomores; Dick Krouse, Mike Sokol, and Joe Luchi, freshmen.

Navy Reveals Plans For College Program

The new Navy College Training Program will be inaugurated about July 1, 1943. Qualified students enlisted in Class V-1 (ACP) and Class V-7, U. S. Naval Reserve, will be ordered to active duty as Apprentice Seamen under this program on or about July 1, 1943, with pay, subsistence and uniforms. They will be assigned to colleges.

Class V-1 (ACP) and Class V-7 students will be initially assigned to training on the basis of their present or indicated major field of concentration and the needs of the service. Requests for changes of

Puma Nine Travels For Two Contests After Week's Rest

The latest version of the badly mutilated baseball schedule says that St. Joe's team will travel to Bloomington, Ill., on Saturday to do battle with the Illinois Wesleyan Titans.

Following that trek, they invade the Butler camp at Indianapolis on April 21. Easter vacation will create a layoff until May 1 when they tackle another Big Ten foe, Purdue. The Boilermaker battle will be the last contest away from home.

Cancel Indiana Tilts

Two engagements with Indiana State, one of them scheduled for tomorrow, have been cancelled because of petroleum problems. Ball State also has dropped their trip to Collegeville on May 14.

Last year the Pumas were able to trip the Boilermakers of Lafayette, 8-2. Butler's Bulldogs fell twice, 4-1, and 10-6. However, if illness and erroritis continue to hit the squad, victory picking will be more than difficult.

Waznis Stechschulte, and Sandrick will probably bear the hurling burden. With hard-hitters Boyle and Reichert recovered from attacks of illness, and Ellspermann's steady clubbing, the hitting department should receive a well-needed boost.

assignment may be made after reporting for active duty.

The present Class V-7 students who, as of July 1, 1943, have one term or less to complete in order to meet the requirements for a bachelor's degree may remain on inactive duty at the college at which they are now. Those V-7 students who have one term or less to complete their degree requirements and who do not express their desire to remain on inactive duty, will be placed on active duty along with other V-7 students in accordance with the schedule presented above; these students will not necessarily be assigned to the college in which they are now enrolled.

Students called to active duty as Apprentice Seamen, V-1 or V-7, under the Navy College Plan, who are able to meet the requirements (which includes physical drills, swimming and setting-up exercises) may participate in college athletics.

Alumni Essay Contest Closes Thursday; Pursley Ends May 1

As the April 15 deadline approaches for entries in the Alumni Essay Contest, students are busy putting final touches on their themes. Sponsored by the St. Joseph's Alumni Association, the contest offers a cash award for the best English essay submitted.

The Rev. Sylvester H. Ley, C.P.P.S., Advisor of Student Publications, expressed satisfaction with the students' reaction to the contest, several entries having been submitted during the past week, with the deadline certain to bring quite a few more.

Pursley Closes May 1

It may be a little late to enter the Alumni Contest, but there are still two weeks remaining before the Mary J. Pursley Creative Writing Contest closes, May 1. Here you have a broad field to roll up your sleeves and go to work in. If you have any ability to write—essay, short story, drama, or even poetry—you've got just as much chance as the next fellow to walk off with the fifty dollars prize money.

Maybe you haven't come across an idea yet to stimulate your writing prowess. All that potential ability is just lying in store waiting for you to hit upon something interesting. Just keep your eyes and ears open. There are things going on around you every day which would make good topic material. Perhaps even during Easter vacation the idea you've been waiting for will hit you "right between the eyes."

Glee Club Abandons Plans For Program

Another effect of the present crisis cropped its head up on the campus this past week—and right in the middle of the Glee Club's plans for its annual spring program.

In the past it has been customary for the Glee Club to present such a program, but St. Joseph's heavy contributions to the armed services have depleted the ranks of the Gleemen from forty strong to a mere fifteen members. Realizing the impossibility of an effective presentation under these circumstances, members of the club, under the direction of the Rev. Robert B. Koch, C.P.P.S., have abandoned their plans for the present.

Poetry Society Holds Informal Get-Together

Sunday morning, April 11, an informal meeting of the Poetry Society was held. Several poems, written by members, were submitted for discussion and criticism.

The moderator, the Rev. Dr. Paul Speckbaugh, C.P.P.S., was unable to be present.

ment day.

Although heavy schedules reduced the number of participants in this year's contest, Father Kroeckel expressed satisfaction with the work of those who did enter. He also said that "these students have shown a great deal of scholarly work and earnest effort to make the contest interesting and 'down to earth,' which will result not only in possible material gain but in experience in research, writing, and speaking as well."

Eleven More Men Leave With Draft

Answering their country's call to the armed forces, eleven more St. Joe men have for the duration laid aside books and "civies" for a rifle and khaki.

Those leaving last week were Jim Murray, of Milwaukee, John Caggan, of Indianapolis, Kenny Stauffer, of Dayton, Ohio, the Kern brothers Art and Ernie, of Frankfort, Ky., and Bernie Way, of Manchester, Mich.

This week brings the departure of Frank (Nails) Stodola, of Hammond, Dick Hurley and Tom Cooney, of Woodstock, Ill., Jack Smith, of Rockford Ill., and Jack McKenna, of Kankakee, Ill.

Fr. Wuest Attends Chemists' Sessions

The Reverend Albert Wuest, C.P.P.S., professor of Chemistry at St. Joseph's, left the campus Saturday to attend the 105th meeting of the American Chemical Society of which he is a member. The meeting is being held at the Masonic Temple in Detroit, Michigan, and will last from April 12-16.

Purpose of the meeting is to enable professors of Chemistry and professional chemists to keep up on the latest developments in the field of Chemistry. This meeting is planned to be a "War Meeting," and things which have a decided bearing on the successful prosecution of the war will be discussed.

Fr. Speckbaugh Helps Write Whiting Drama

The Lady of The Rock, a play based on the life of Bernadette of Lourdes, was written recently by the Rev. John Lefko, C.P.P.S., moderator of St. John's C.Y.O. unit of Whiting, in collaboration with the Rev. Dr. Paul Speckbaugh, C.P.P.S., Chairman of the Department of English at St. Joseph's. Father Speckbaugh, writing mostly in blank verse with some free verse, contributed the prologue and the interludes.

The play, a product of independent evidence on the life of Bernadette found by Father Lefko, was presented this weekend in Whiting by the St. John's C.Y.O. dramatic group which is well-known at Collegeville for several productions, the most recent being Sierra's Cradle Song.

Father Speckbaugh spent the weekend in Whiting assisting Father Lefko with the production.

Curtain Club Meets To Hear Discussion

Sunday the Curtain Club met in the auditorium. First in the order was a debate in which Leonard Burghart, Alvin Herber, Norbert Landino, and William Eilerman took part. The topic of the debate was whether the farm or the city is the more natural habitat of the family. Following this discussion was a short one-act play.

John Murar, reporting on the activities of the Catholic Drama study club, announced to the members that the aim of the organization was to make a bibliography of all Catholic plays which might be termed major productions.

The Academy Corner

By Bob Rickert

Saturday afternoon the newest addition to the list of Academy sports—the track team—made their first appearance of the year at the Jasper County Track Meet. Although their first attempt at track honors did not prove to be a great success, several members of the team displayed a surprising amount of ability. With a bit more practice the team should be a threat in any future meet.

Immediately preceding their first game of the season the members of the baseball team selected Jack Mallock to captain them through the season. Jack entered St. Joe at mid-year of last year and proved himself to be exceedingly capable at playing second base. He is a powerful hitter as attested by his fourth spot in the batting order, and he usually can be counted on for a good game in the field.

For the past week Brother Francis, prefect in study hall, has been sick in the infirmary. His duties are being divided among Father Scharf, Father Koch, and Brother Conrad.

The cast for the play that will be presented by the Newman Club in the near future has been selected. The title of the play is Born Lucky. The cast is composed of Jim Carney, Dick Gerstbauer, Rich Latendresse, Jerry Leahy, Eddie Josephi, Jim Quinliven, Aubrey

Serewicz, Charles Teaney, and Jim Dobe.

High averages for the February-March period were released last week by the Rev. Walter Fax, C.P.P.S., principal.
